Healthcare Services

IF YOU ARE EXPERIENCING A MEDICAL EMERGENCY, YOU SHOULD CALL YOUR DOCTOR, QUALIFIED HEALTHCARE PROVIDER, OR “911” IMMEDIATELY.

PsychPlus does not practice medicine, nursing, or any other form of healthcare itself and does not interfere with or otherwise influence any healthcare professionals’ exercise of their professional judgment in providing healthcare services. Each healthcare provider is independent of PsychPlus and responsible for exercising their own professional judgment and complying with all requirements applicable to their profession and license. The medical and nursing providers use the PsychPlus Digital Health Services as a means to communicate with you. Any information or advice received from a provider comes from them alone, and not from PsychPlus. Neither PsychPlus, nor any of its subsidiaries or affiliates or any third party who may promote the Digital Health Services or provide a link to the Digital Health Services, shall be liable for any professional advice obtained from a healthcare provider through the Digital Health Services or for any other information obtained. PsychPlus does not endorse any specific tests, physicians, health professionals, medications, products, procedures, or anything else that may be recommended by providers that may use PsychPlus’ Digital Health Services to communicate with you. You acknowledge that your reliance on any healthcare providers or information provided by the providers through the Digital Health Services is solely at your own risk and you assume full responsibility for all risk associated therewith.

PsychPlus makes no representations or warranties about the training or skill of any healthcare providers who provide services through the Digital Health Services. You are solely responsible for choosing your particular healthcare provider.

Any healthcare related information provided by PsychPlus is provided only for general reference purposes only and is not intended to be advice for your specific condition and does not constitute professional medical advice, diagnosis, treatment, or recommendations of any kind. Information provided by PsychPlus does not create a physician–patient relationship. PsychPlus tries to assure that the information provided is accurate, however there can be no guarantee of accuracy or correctness. Reliance on information provided by PsychPlus is solely at your own risk. Information provided by PsychPlus may be changed or updated without notice. Do not ignore or delay obtaining professional medical advice because of information accessed through the Digital Health Services.

ALWAYS SEEK THE ADVICE OF YOUR PHYSICIAN OR OTHER QUALIFIED HEALTHCARE PROVIDER WITH ANY QUESTIONS YOU MAY HAVE REGARDING A MEDICAL CONDITION OR TREATMENT AND BEFORE UNDERTAKING A NEW HEALTHCARE REGIMEN. NEVER DISREGARD PROFESSIONAL MEDICAL ADVICE OR DELAY IN SEEKING IT BECAUSE OF SOMETHING YOU HAVE READ THROUGH THE DIGITAL HEALTH SERVICES. Information provided by PsychPlus is not a substitute for professional medical advice or treatment. PsychPlus only facilitates your selection of, and communications with, physicians and other health professionals. PsychPlus does not provide medical services and the physician-patient relationship is solely between you and your healthcare provider.
